

<<<< This image "bleeds" off the page >>>>

This text is inside the safety area. The cyan lines are my guides. The magenta is the ad size 4.25 x 7.

The image is a grayscale image brought in from Photoshop. All text is typed in Quark.

The artwork was created in Illustrator. Notice it does not go past the safety area. Notice the Pantone 185 in the color palette. It was brought in with this artwork.

**This box was created after the logo artwork was brought in. It uses the Pantone 185 that is on the color palette. Notice the box and the type stays in the safety area.**
